

57th Meeting of the Civil GPS Service Interface Committee

**Institute of Navigation GNSS 2017 Conference
Portland Convention Center
25-26 September 2017**

GPS Civil Users Need A Means For:

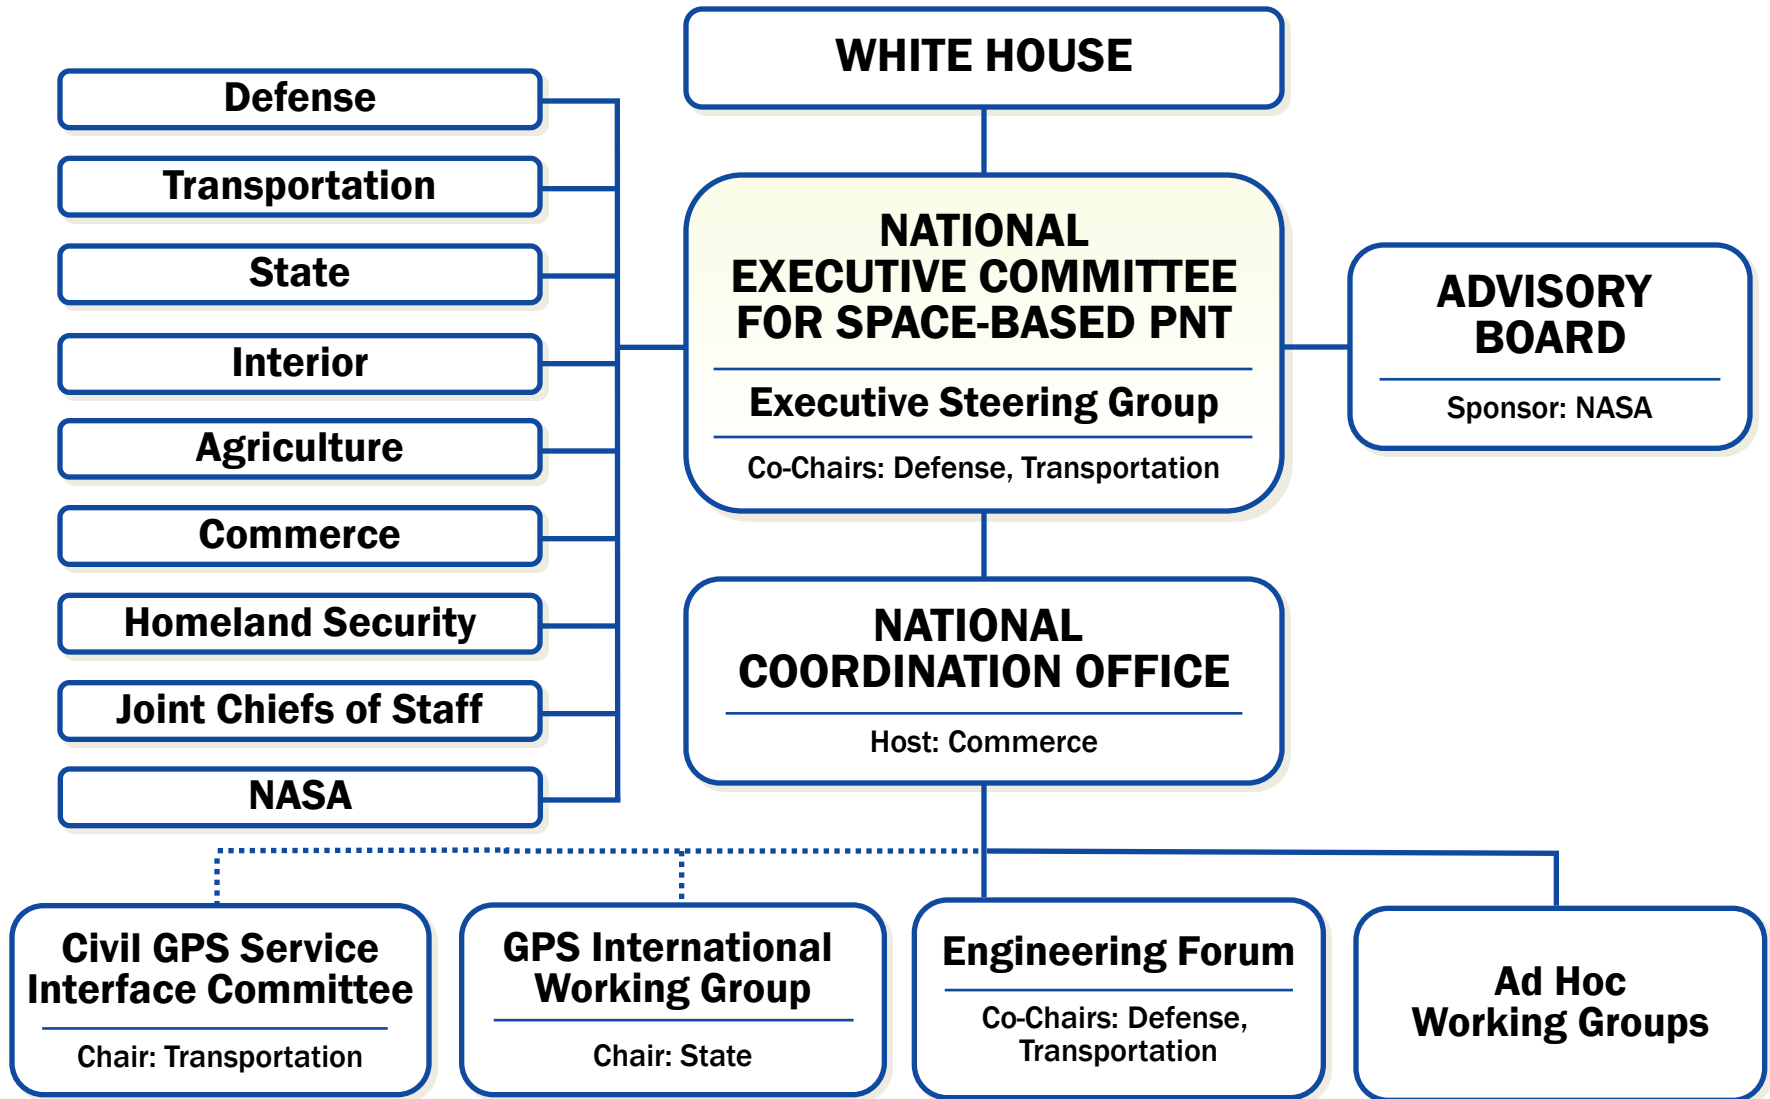

- Receiving system information (system status, health and modernization plans).
- Providing civil input/feedback (feedback on adequacy of signals for user needs, new applications).
- Global participation.
- Participating in an interference/outage reporting mechanism (process for interference detection and mitigation).
- Having an advocate (a means by which system users can be represented in all parts of the system planning and operation).

CGSIC Charter

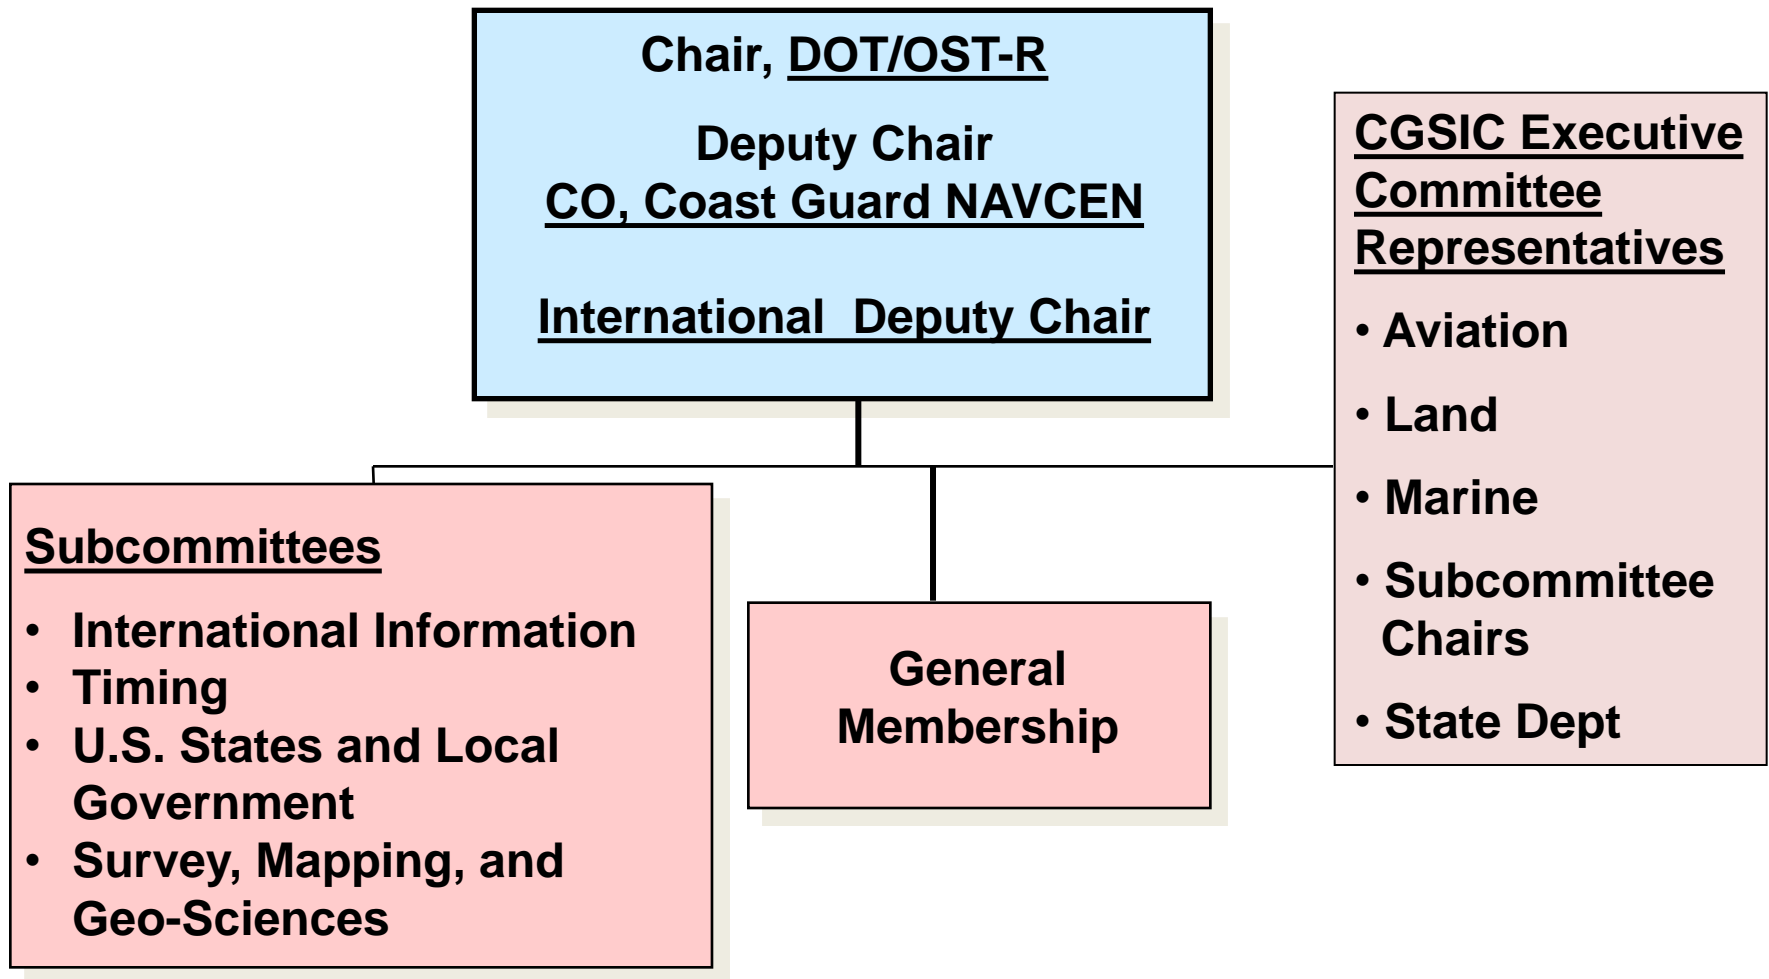

Civil GPS Service Interface Committee was chartered in 1986 to be the forum needed by civil users.

- Worldwide forum recognized for effective interaction between civil GPS users and U.S. GPS authorities.
- Established and chartered to identify civil GPS user needs (e.g. positioning, navigation, and timing).
- Used to exchange information concerning GPS with the worldwide civil user community.
- Reports activities to the Office of the Assistant Secretary for Research and Technology.

U.S. Space-Based PNT Organization Structure

Civil GPS Service Interface Committee (CGSIC)

CGSIC is the Worldwide Forum between Civil GPS Users and U.S. Government Service Providers
